What is this project about? Ultimately it’s about Jesus Christ and leading our youth and young adults to a relationship with Christ – the Good News of the Gospel found within the community of the Church.

The focus of this project is not on youth for the sake of youth. It is about leading them to Christ and assessing all ministries in our parish and how they can best serve our youth and young adults.

The focus of this project is NOT about establishing a youth group.

The project intends to involve the whole parish community in ‘training up’ (Proverbs 22: 6) the youth/young adults into becoming disciples of Christ, maximizing efforts of existing parish ministries, and evangelization efforts that are deliberate and specific for the whole parish to participate in.

Current Youth Programs

Key Questions:
How can we improve what we are already doing?
Should we consider new models or modalities for growing young disciples in the world?
Because this is the way we have always done it, is it the best way for our current situation?

Other Parish Programs (Knights, CDA, Liturgy, Service, etc.)

Key Question:
How can young people become involved in these already existent programs?

New programs/initiatives directed in one of two ways:

- Youth already in the Pews
- Youth outside the Church
Youth serving in the Church

"We cannot keep to ourselves the words of eternal life given to us in our encounter with Jesus Christ: they are meant for everyone, for every man and woman... It is our responsibility to pass on what, by God's grace, we ourselves have received."
