

Dear Edge Community,

We were informed today by the Vermont Department of Health that a member came into our Eastwood Drive location for a single visit on March 2, 2020. This member has tested positive for COVID-19. The Vermont Department of Health has contacted anyone (member and employee alike) who had possible direct and prolonged contact with this member. The Health Department has conducted outreach to these individuals on their next steps and if they need to stay home and self-monitor. The Vermont Department of Health is conducting contact tracing which means the Health Department will reach out to anyone who has been determined to be at risk from exposure to someone who has tested positive for COVID-19. Any member or staff who did not have direct or prolonged contact with the member is categorized as low risk. If you have not been contacted today by the Vermont Department of Health you can consider that you are at low risk.

The Vermont Department of Health has not recommended any further measures by The EDGE at this time. The EDGE, as standard practice, has been conducting nightly cleaning and disinfecting and as you have noticed recently added daytime cleaners for additional disinfecting.

The EDGE chooses to act out of an abundance of caution, the following measures:

- The Eastwood Drive location will be closed for extensive deep cleaning. After a thorough cleaning, surfaces will be disinfected using a hospital grade cleaning solution approved for use in schools, hospitals and public facilities, Walls, floors, doors and door frames, sinks, drinking fountains, countertops, furniture, lockers, all equipment any surface that may be touched will be disinfected.
- The above steps will be taken at all EDGE locations on a rolling basis over the next week. Please keep checking your email for updates on locations and dates.

**THE EASTWOOD DRIVE LOCATION WILL BE CLOSED EFFECTIVE THURSDAY, MARCH 12, 2020
STARTING AT 5:00PM AND WILL PLAN TO RE-OPEN SATURDAY, MARCH 14, 2020.**

It is important as a community that we all work together with compassion and understanding during these unknown times.
